## Living Off The Land ESXi

LOLESXi features a comprehensive list of binaries/scripts natively available in VMware ESXi that adversaries have utilised in their operations. The information on this site is compiled from open-source threat research.

This project is a collaborative project created by [Janantha Marasinghe](#). Special thanks to [Wietze Beukema](#) for his contributions and the [LOLBAS project](#) for the theme. If you would like to [contribute](#), check out our [contribution guide](#). More information on programmatically accessing this project can be found on the [API page](#).
