

DisableAWSServiceAccess - AWS Organizations

Archived: 2026-04-05 17:06:47 UTC

Performing this operation violates a minimum or maximum value limit. For example, attempting to remove the last service control policy (SCP) from an OU or root, inviting or creating too many accounts to the organization, or attaching too many policies to an account, OU, or root. This exception includes a reason that contains additional information about the violated limit:

- **ACCOUNT_CANNOT_LEAVE_ORGANIZATION:** You attempted to remove the management account from the organization. You can't remove the management account. Instead, after you remove all member accounts, delete the organization itself.
- **ACCOUNT_CANNOT_LEAVE_WITHOUT_PHONE_VERIFICATION:** You attempted to remove an account from the organization that doesn't yet have enough information to exist as a standalone account. This account requires you to first complete phone verification. Follow the steps at [Removing a member account from your organization](#) in the *AWS Organizations User Guide*.
- **ACCOUNT_CREATION_RATE_LIMIT_EXCEEDED:** You attempted to exceed the number of accounts that you can create in one day.
- **ACCOUNT_CREATION_NOT_COMPLETE:** Your account setup isn't complete or your account isn't fully active. You must complete the account setup before you create an organization.
- **ACTIVE_RESPONSIBILITY_TRANSFER_PROCESS:** You cannot delete organization due to an ongoing responsibility transfer process. For example, a pending invitation or an in-progress transfer. To delete the organization, you must resolve the current transfer process.
- **ACCOUNT_NUMBER_LIMIT_EXCEEDED:** You attempted to exceed the limit on the number of accounts in an organization. If you need more accounts, contact [AWS Support](#) to request an increase in your limit.

Or the number of invitations that you tried to send would cause you to exceed the limit of accounts in your organization. Send fewer invitations or contact AWS Support to request an increase in the number of accounts.

Note

Deleted and closed accounts still count toward your limit.

Important

If you get this exception when running a command immediately after creating the organization, wait one hour and try again. After an hour, if the command continues to fail with this error, contact [AWS Support](#).

- **ALL_FEATURES_MIGRATION_ORGANIZATION_SIZE_LIMIT_EXCEEDED:** Your organization has more than 5000 accounts, and you can only use the standard migration process for organizations with less than 5000 accounts. Use the assisted migration process to enable all features mode, or create a support case for assistance if you are unable to use assisted migration.
- **CANNOT_REGISTER_SUSPENDED_ACCOUNT_AS_DELEGATED_ADMINISTRATOR:** You cannot register a suspended account as a delegated administrator.
- **CANNOT_REGISTER_MASTER_AS_DELEGATED_ADMINISTRATOR:** You attempted to register the management account of the organization as a delegated administrator for an AWS service integrated with Organizations. You can designate only a member account as a delegated administrator.
- **CANNOT_CLOSE_MANAGEMENT_ACCOUNT:** You attempted to close the management account. To close the management account for the organization, you must first either remove or close all member accounts in the organization. Follow standard account closure process using root credentials.
- **CANNOT_REMOVE_DELEGATED_ADMINISTRATOR_FROM_ORG:** You attempted to remove an account that is registered as a delegated administrator for a service integrated with your organization. To complete this operation, you must first deregister this account as a delegated administrator.
- **CLOSE_ACCOUNT_QUOTA_EXCEEDED:** You have exceeded close account quota for the past 30 days.
- **CLOSE_ACCOUNT_REQUESTS_LIMIT_EXCEEDED:** You attempted to exceed the number of accounts that you can close at a time.
- **CREATE_ORGANIZATION_IN_BILLING_MODE_UNSUPPORTED_REGION:** To create an organization in the specified region, you must enable all features mode.
- **DELEGATED_ADMINISTRATOR_EXISTS_FOR_THIS_SERVICE:** You attempted to register an AWS account as a delegated administrator for an AWS service that already has a delegated administrator. To complete this operation, you must first deregister any existing delegated administrators for this service.
- **EMAIL_VERIFICATION_CODE_EXPIRED:** The email verification code is only valid for a limited period of time. You must resubmit the request and generate a new verification code.
- **HANDSHAKE_RATE_LIMIT_EXCEEDED:** You attempted to exceed the number of handshakes that you can send in one day.
- **INVALID_PAYMENT_INSTRUMENT:** You cannot remove an account because no supported payment method is associated with the account. AWS does not support cards issued by financial institutions in Russia or Belarus. For more information, see [Managing your AWS payments](#).
- **MASTER_ACCOUNT_ADDRESS_DOES_NOT_MATCH_MARKETPLACE:** To create an account in this organization, you first must migrate the organization's management account to the marketplace that corresponds to the management account's address. All accounts in an organization must be associated with the same marketplace.

- **MASTER_ACCOUNT_MISSING_BUSINESS_LICENSE:** Applies only to the AWS Regions in China. To create an organization, the master must have a valid business license. For more information, contact customer support.
- **MASTER_ACCOUNT_MISSING_CONTACT_INFO:** To complete this operation, you must first provide a valid contact address and phone number for the management account. Then try the operation again.
- **MASTER_ACCOUNT_NOT_GOV_CLOUD_ENABLED:** To complete this operation, the management account must have an associated account in the AWS GovCloud (US-West) Region. For more information, see [AWS Organizations](#) in the *AWS GovCloud User Guide*.
- **MASTER_ACCOUNT_PAYMENT_INSTRUMENT_REQUIRED:** To create an organization with this management account, you first must associate a valid payment instrument, such as a credit card, with the account. For more information, see [Considerations before removing an account from an organization](#) in the *AWS Organizations User Guide*.
- **MAX_DELEGATED_ADMINISTRATORS_FOR_SERVICE_LIMIT_EXCEEDED:** You attempted to register more delegated administrators than allowed for the service principal.
- **MAX_POLICY_TYPE_ATTACHMENT_LIMIT_EXCEEDED:** You attempted to exceed the number of policies of a certain type that can be attached to an entity at one time.
- **MAX_TAG_LIMIT_EXCEEDED:** You have exceeded the number of tags allowed on this resource.
- **MEMBER_ACCOUNT_PAYMENT_INSTRUMENT_REQUIRED:** To complete this operation with this member account, you first must associate a valid payment instrument, such as a credit card, with the account. For more information, see [Considerations before removing an account from an organization](#) in the *AWS Organizations User Guide*.
- **MIN_POLICY_TYPE_ATTACHMENT_LIMIT_EXCEEDED:** You attempted to detach a policy from an entity that would cause the entity to have fewer than the minimum number of policies of a certain type required.
- **ORGANIZATION_NOT_IN_ALL_FEATURES_MODE:** You attempted to perform an operation that requires the organization to be configured to support all features. An organization that supports only consolidated billing features can't perform this operation.
- **OU_DEPTH_LIMIT_EXCEEDED:** You attempted to create an OU tree that is too many levels deep.
- **OU_NUMBER_LIMIT_EXCEEDED:** You attempted to exceed the number of OUs that you can have in an organization.
- **POLICY_CONTENT_LIMIT_EXCEEDED:** You attempted to create a policy that is larger than the maximum size.
- **POLICY_NUMBER_LIMIT_EXCEEDED:** You attempted to exceed the number of policies that you can have in an organization.

- **POLICY_TYPE_ENABLED_FOR_THIS_SERVICE:** You attempted to disable service access before you disabled the policy type (for example, SECURITYHUB_POLICY). To complete this operation, you must first disable the policy type.
- **RESPONSIBILITY_TRANSFER_MAX_INBOUND_QUOTA_VIOLATION:** You have exceeded your inbound transfers limit.
- **RESPONSIBILITY_TRANSFER_MAX_LEVEL_VIOLATION:** You have exceeded the maximum length of your transfer chain.
- **RESPONSIBILITY_TRANSFER_MAX_OUTBOUND_QUOTA_VIOLATION:** You have exceeded your outbound transfers limit.
- **RESPONSIBILITY_TRANSFER_MAX_TRANSFERS_QUOTA_VIOLATION:** You have exceeded the maximum number of inbound transfers allowed in a transfer chain.
- **SERVICE_ACCESS_NOT_ENABLED:**
 - You attempted to register a delegated administrator before you enabled service access. Call the `EnableAWSServiceAccess` API first.
 - You attempted to enable a policy type before you enabled service access. Call the `EnableAWSServiceAccess` API first.
- **TAG_POLICY_VIOLATION:** You attempted to create or update a resource with tags that are not compliant with the tag policy requirements for this account.
- **TRANSFER_RESPONSIBILITY_SOURCE_DELETION_IN_PROGRESS:** The source organization cannot accept this transfer invitation because it is marked for deletion.
- **TRANSFER_RESPONSIBILITY_TARGET_DELETION_IN_PROGRESS:** The source organization cannot accept this transfer invitation because target organization is marked for deletion.
- **UNSUPPORTED_PRICING:** Your organization has a pricing contract that is unsupported.
- **WAIT_PERIOD_ACTIVE:** After you create an AWS account, you must wait until at least four days after the account was created. Invited accounts aren't subject to this waiting period.
