* PERMISSION DENIED *  
* * *  
* On July 1, 2019 I changed the *  
* license for these feeds. Almost *  
* all commercial use requires a *  
* commercial license. Research and *  
* non-profit use will still be free *  
* Contact us if you wish to still *  
* use this data. For commercial *  
* entities, I price based on the *  
* following: *  
* * *  
* If you are an organization *  
* protecting yourself, it is based *  
* on the number of employees you *  
* have. If you are a company who *  
* is making money off this data *  
* then it is roughly size of your *  
* revenue and how much my data is *  
* part of your service. If you are *  
* a non-profit, someone protecting *  
* the public at no or low cost, or *  
* an academic researcher, then I *  
* will likely give you a free *  
* license. *  
* * *  
* Proceeds go into additional *  
* research, activities to disrupt *  
* and get cybercriminals arrested, *  
* or to help broader society be more *  
* secure. *  
* * *  
* Email sales@bambenekconsulting.com *  
* with your use case and relevant *  
* data and we will get you a license *  
* ASAP. *
