

Node.js — Run JavaScript Everywhere

Archived: 2026-04-05 17:18:30 UTC

Node.js® is a free, open-source, cross-platform JavaScript runtime environment that lets developers create servers, web apps, command line tools and scripts.

```
// server.mjs
import { } from 'node:http';

const = ((, ) => {
  .(200, { 'Content-Type': 'text/plain' });
  .('Hello World!\n');
});

// starts a simple http server locally on port 3000
.(3000, '127.0.0.1', () => {
  .('Listening on 127.0.0.1:3000');
});

// run with `node server.mjs`
```
