

# Detection of Application Layer Protocol, Detection Strategy

## DET0685

Archived: 2026-04-05 15:59:09 UTC

### AN1793

Abuse of standard application protocols can be difficult to detect as many legitimate mobile applications leverage such protocols for language-specific APIs. Enterprises may be better served focusing on detection at other stages of adversarial behavior.

### AN1794

Abuse of standard application protocols can be difficult to detect as many legitimate mobile applications leverage such protocols for language-specific APIs. Enterprises may be better served focusing on detection at other stages of adversarial behavior.
