

North Korean Malicious Cyber Activity | CISA

Published: 2020-02-14 · Archived: 2026-04-05 17:19:21 UTC

The Cybersecurity and Infrastructure Security Agency (CISA), the Federal Bureau of Investigation (FBI), and the Department of Defense (DoD) have identified the following malware variants used by the North Korean government. The U.S. Government refers to malicious cyber activity by the North Korean government as HIDDEN COBRA.

- [HOPLIGHT \(update\)](#)
- [BISTROMATH](#)
- [SLICKSHOES](#)
- [HOTCROISSANT](#)
- [ARTFULPIE](#)
- [BUFFETLINE](#)
- [CROWDEDFLOUNDER](#)

CISA encourages users and administrators to review the Malware Analysis Reports for each malware variant listed above and the [North Korean Malicious Cyber Activity page](#) for more information.
