

## North Korean Malicious Cyber Activity | CISA

Published: 2019-09-09 · Archived: 2026-04-05 17:17:48 UTC

The Cybersecurity and Infrastructure Security Agency (CISA) and the Federal Bureau of Investigation (FBI) have identified two malware variants—referred to as ELECTRICFISH and BADCALL—used by the North Korean government. The U.S. Government refers to malicious cyber activity by the North Korean government as HIDDEN COBRA.

CISA encourages users and administrators to review the [HIDDEN COBRA - North Korean Malicious Cyber Activity](#) page, which contains links to Malware Analysis Reports MAR-10135536-21 and MAR-10135536-10, for more information.
