Beskrivning

SANS Threat Analysis Rundown (STAR) | Live Stream

In this month's STAR Livestream, Katie Nickels will be joined by Amitai Cohen of Wiz to discuss his team's recent research into Microsoft's latest Storm-0558 findings about the acquisition of a signing key that enabled illicit access to Exchange and Outlook accounts. Amitai will share key findings about this incident and what cloud defenders should learn from it. Learn more about Katie Nickels: <https://lnkd.in/g7WGak8y>
