## Tool: Brokewell

Names	Brokewell
Category	<a href="#">Malware</a>
Type	<a href="#">Banking trojan</a>
Description	<a href="#">(ThreatFabric)</a> Our Threat Intelligence shows that device takeover capabilities remain crucial for any modern banking malware family, and new players entering the landscape are no exception. In most cases, remote access capabilities are built in from the start of the development cycle. Thus, it comes as no surprise that ThreatFabric analysts recently discovered a new mobile malware family, 'Brokewell,' with an extensive set of Device Takeover capabilities.
