Tool: SoftPerfect Network Scanner

Names	SoftPerfect Network Scanner
Category	Tools
Type	Reconnaissance
Description	<p>This fast, highly configurable IPv4/IPv6 scanner can streamline many of your network support procedures. Its well-designed interface, light weight and portability coupled with an extensive range of options and advanced features make SoftPerfect Network Scanner an invaluable tool, whether you are a professional system administrator, someone providing occasional network maintenance, or a general user interested in computer security.</p> <p>SoftPerfect Network Scanner can ping computers, scan ports, discover shared folders and retrieve practically any information about network devices via WMI, SNMP, HTTP, SSH and PowerShell. It also scans for remote services, registry, files and performance counters; offers flexible filtering and display options and exports NetScan results to a variety of formats from XML to JSON.</p>
