 Gartner Peer Insights Logo

“The solution is so simple to use and is pure gold to our DNS. ”

Gartner Peer Insights

“... DNS Armor, powered by Infoblox, provides a preemptive solution to securing cloud workloads that doesn't add additional complexity or compute.”

Chris Kissel Research VP, Security and Trust, IDC

 IDC Logo

“That's the beauty of Infoblox. You don't have to track people down, ask to see spreadsheets, do IP configs. You just go to the dashboard, boom. It's done.”

Jamil Niazi Chief Information Officer, City of Stockton

 City of Stockton Logo

 Gartner Peer Insights Logo

“Centralized, all-in-one solution. Everything about DDI in one place and easy to scale.”

IT Admin Gartner Peer Insights

“Threat Defense is the moat around our castle. You're going to have to get past that before you can start doing any harm on the outside walls.”

John Roosa Chief Information Officer, Stupp Bros.

 Stupp Bros Logo

“Infoblox doesn’t cause you problems—it solves them.”

Renyk de’Vandre Principal Network Engineer

 University Of Birmingham Logo

 Gartner Peer Insights Logo

“Very easy to use. I can get in, get what I need and get out, saving time and money.”

Security Controls Assessor Gartner Peer Insights

“Infoblox’s innovative approach to managing critical network services for hybrid, multi-cloud environments is unmatched by any other vendor today.”

Zeus Kerravala Founder and Principal Analyst, ZK Research

 ZK Research Logo

“Infoblox has given us a very, very solid platform. It works very reliably with little maintenance.”

Simran Sandhu Manager of Global Infrastructure, Adobe

 Adobe Logo

 Gartner Peer Insights Logo

“Whether you need a DNS, DHCP and IPAM service for your data center, a cloud-native network, or a hybrid combination of both, Infoblox offers the most advanced and proven solution. ”

Sales Business Development Gartner Peer Insights

“With Infoblox, we can close the gap between security and network operations. With one system, we have a view of both worlds ...”

Andreas Schmidt IT System Engineer, Truma Gerätetechnik

 Truma Gerätetechnik Logo

“Infoblox frees me up to plan for the future, and those time savings are really important because, without them, I would just be spinning my wheels, fixing day-to-day processes.”
