

## Detection of Web Protocols, Detection Strategy DET0620

Archived: 2026-04-05 14:42:39 UTC

### AN1681

Abuse of standard application protocols can be difficult to detect as many legitimate mobile applications leverage such protocols for language-specific APIs. Enterprises may be better served focusing on detection at other stages of adversarial behavior.

### AN1682

Abuse of standard application protocols can be difficult to detect as many legitimate mobile applications leverage such protocols for language-specific APIs. Enterprises may be better served focusing on detection at other stages of adversarial behavior.
