

## ASERT Threat Intelligence Team | NETSCOUT

Archived: 2026-04-05 23:17:21 UTC

### Facts + Experience = Insights

ASERT is NETSCOUT's elite group of engineers and researchers specializing in information security. Their breadth and depth of knowledge and real-world experience combined with NETSCOUT's unique, unrivaled visibility into global internet traffic and threat landscape, enables them to provide insights and mediation for customers to manage active threats and their long-term security profile.

The ASERT team freely shares insights for the global good threat blogs, customer advisories, and the bi-annual [DDoS Threat Intelligence Report](#), to increase knowledge and preparation for dealing with evolving threats.
