- Platform

- ■ Trend Vision One

Our Unified Platform

Bridge threat protection and cyber risk management

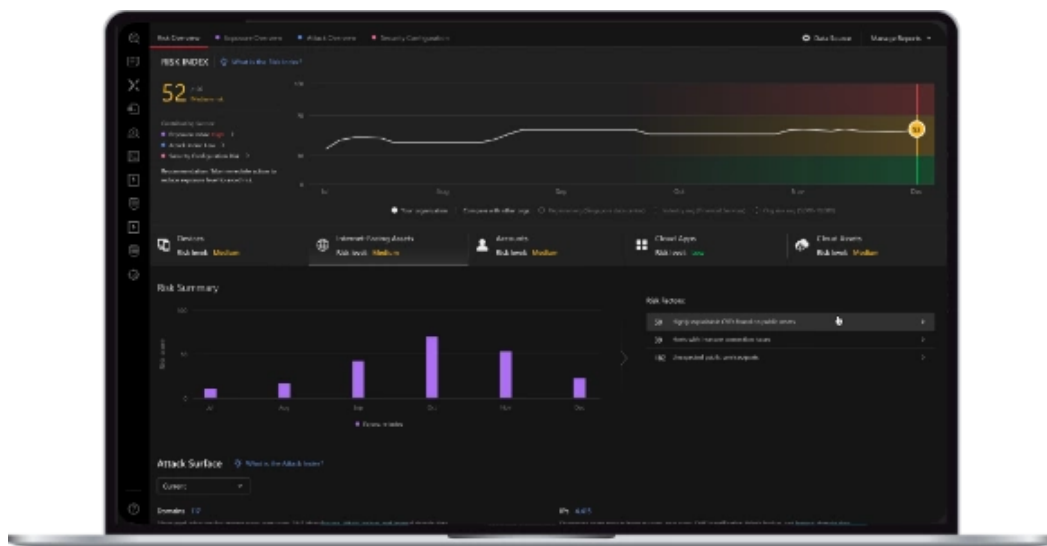

[Learn moreone-platform](#)

- ■ Cyber Risk Exposure Management

The leader in Exposure Management – turning cyber risk visibility into decisive, proactive security.

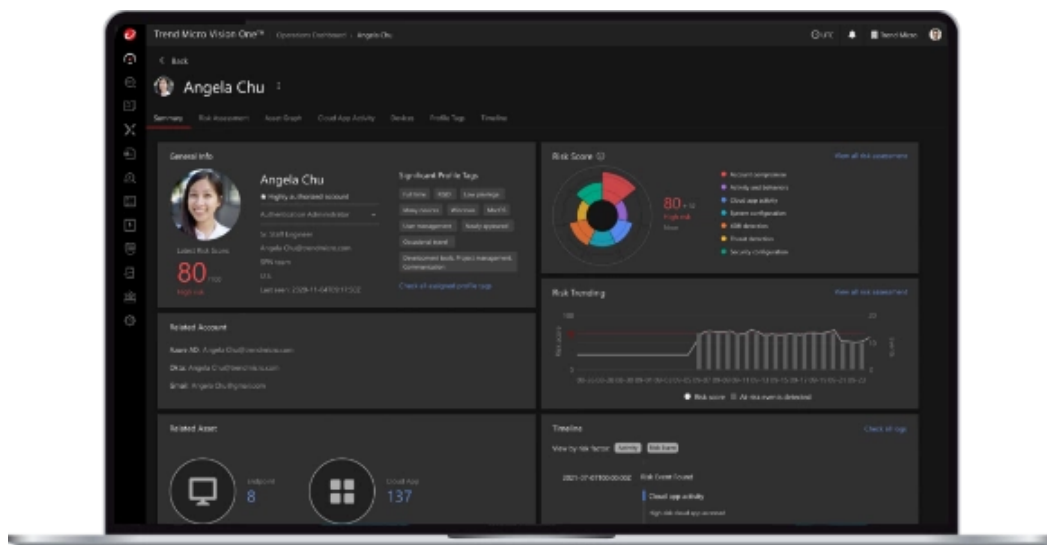

[Learn moreproducts](#)

- o ■ Security Operations (SecOps)

Stop adversaries with unrivaled visibility, powered by the intelligence of XDR, Agentic SIEM, and Agentic SOAR to leave attackers with nowhere left to hide.

[Learn more products](#)

- o ■ ■ Trend Vision One™

Cloud Security Overview

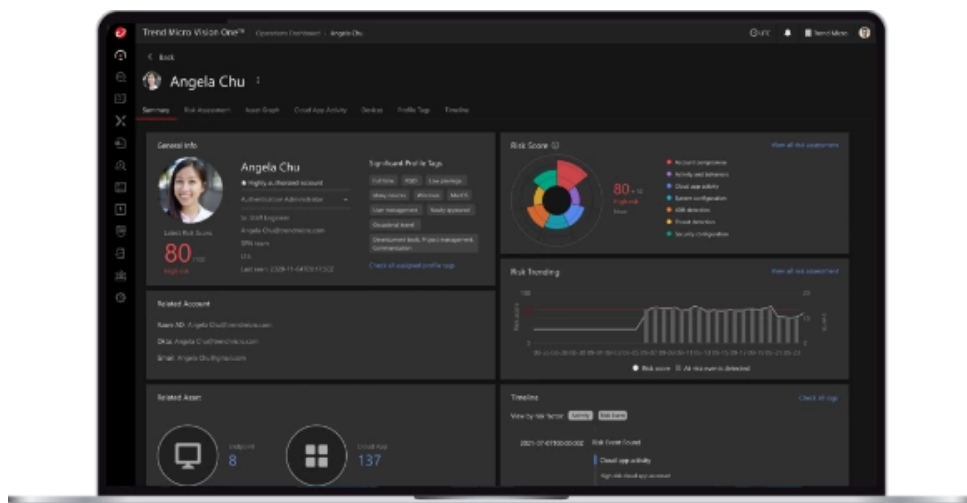

The most trusted cloud security platform for developers, security teams, and businesses

[Learn more products](#)

- ■ XDR for Cloud

Extend visibility to the cloud and streamline SOC investigations

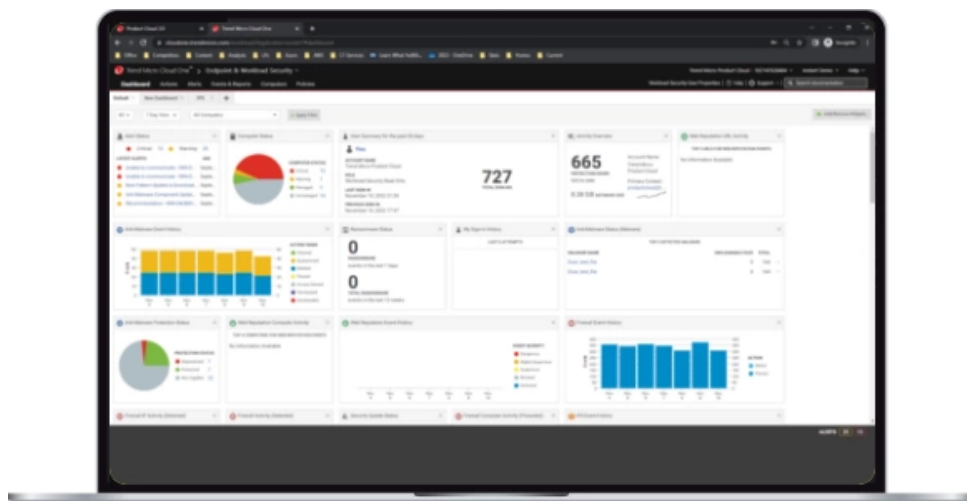

[Learn more products](#)

- Workload Security

Secure your data center, cloud, and containers without compromising performance by leveraging a cloud security platform with CNAPP capabilities

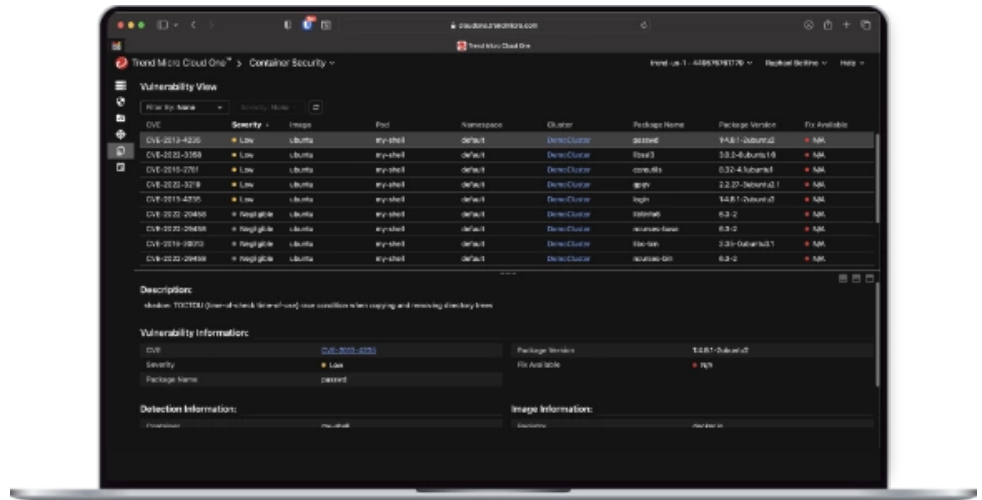

[Learn more products](#)

- Container Security

Simplify security for your cloud-native applications with advanced container image scanning, policy-based admission control, and container runtime protection

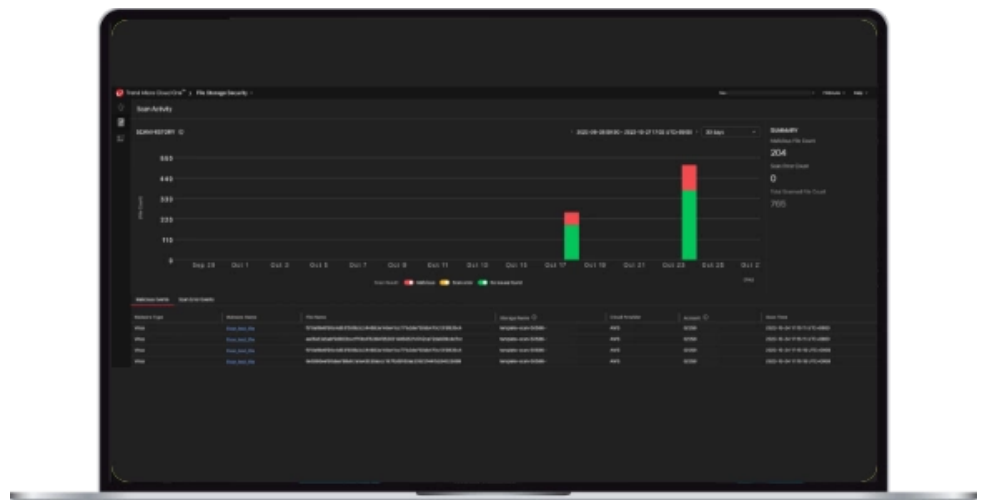

[Learn more products](#)

- File Security

Protect application workflow and cloud storage against advanced threats

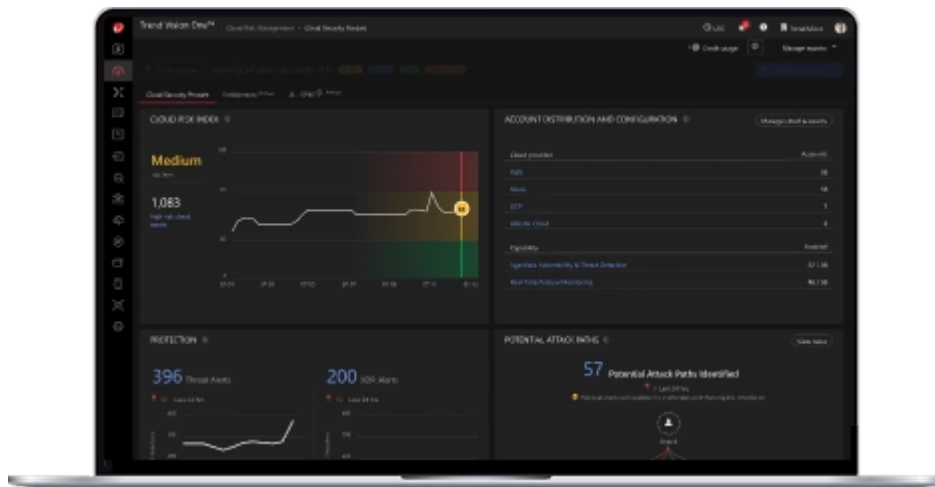

[Learn more products](#)

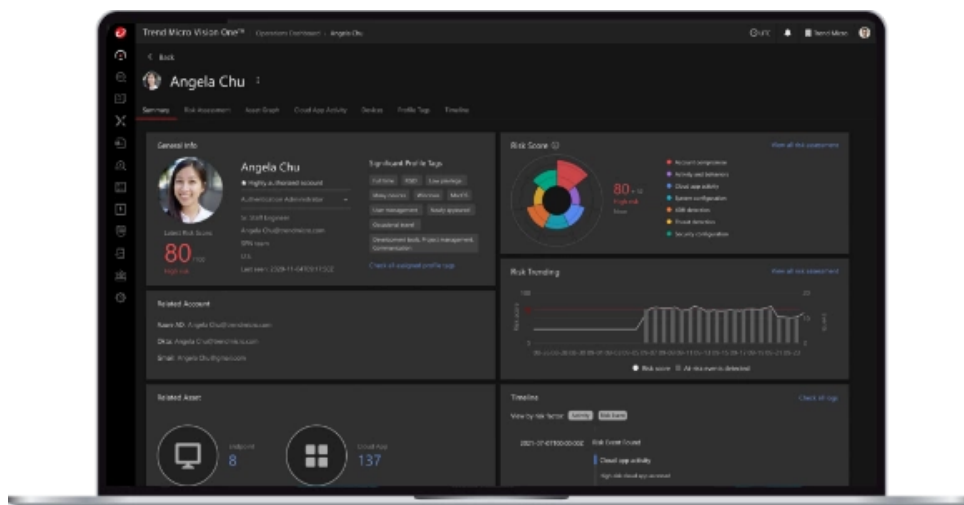

- Cloud Risk Management

Unify multi-cloud visibility, eliminate hidden exposure, and secure your future.

[Learn more products](#)

- ■ ■ Endpoint Security Overview
Defend the endpoint through every stage of an attack
[Learn more products](#)
- ■ XDR for Endpoint
Stop adversaries faster with a broader perspective and better context to hunt, detect, investigate, and respond to threats from a single platform
[Learn more products](#)

- ■ Workload Security
Optimized prevention, detection, and response for endpoints, servers, and cloud workloads
[Learn more products](#)
- ■ ■ Network Security Overview

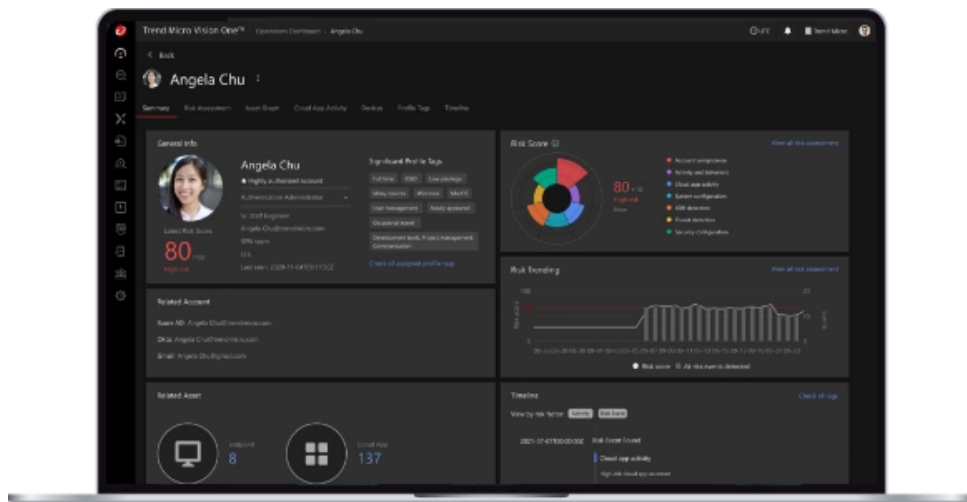

Expand the power of XDR with network detection and response

[Learn more products](#)

- XDR for Network

Stop adversaries faster with a broader perspective and better context to hunt, detect, investigate, and respond to threats from a single platform

[Learn more products](#)

- Network Intrusion Prevention (IPS)

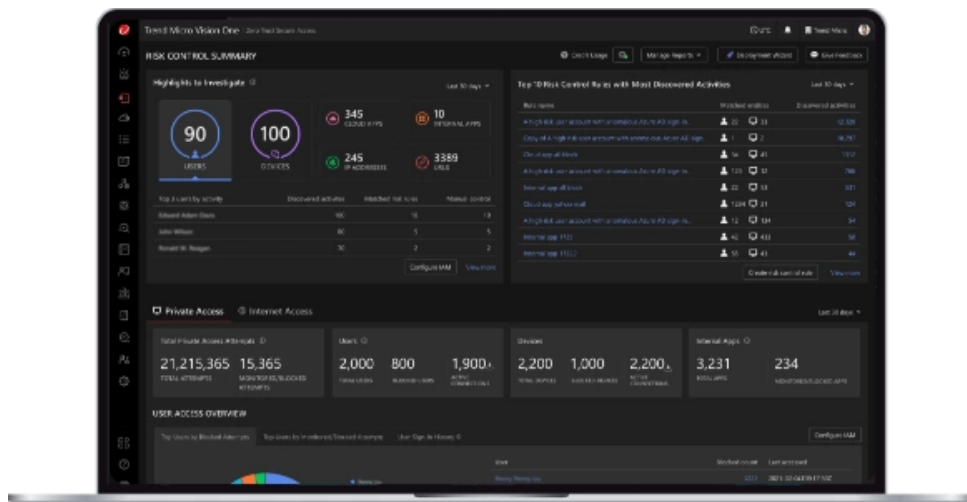

Protect against known, unknown, and undisclosed vulnerabilities in your network

[Learn more products](#)

- Secure Service Edge (SSE)

Redefine trust and secure digital transformation with continuous risk assessments

[Learn more products](#)

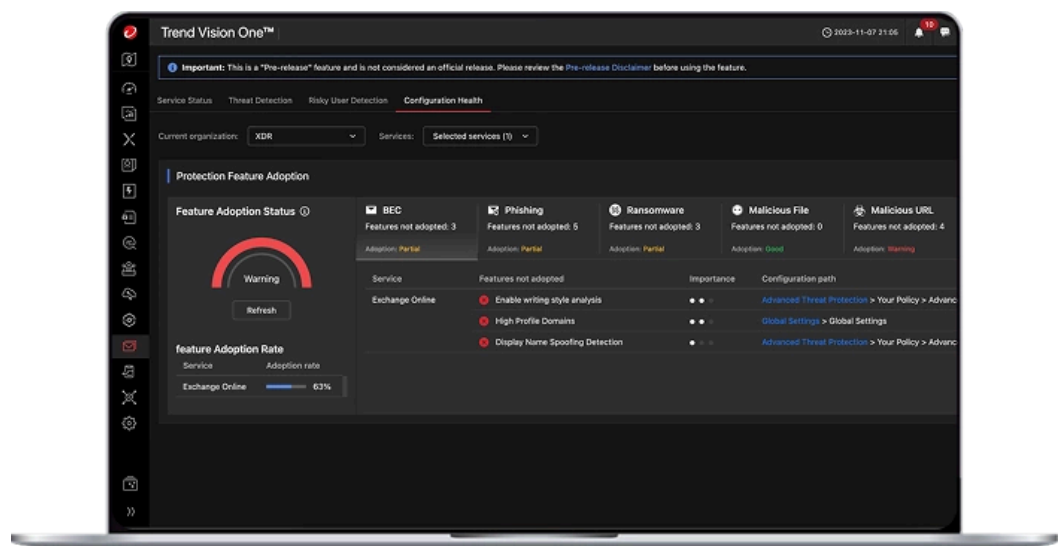

- 5G Network Security
[Learn more](#)
- Industrial Network Security
[Learn moreproducts](#)

- ■ Trend Vision One™

Email and Collaboration Security

Stay ahead of phishing, BEC, ransomware and scams with AI-powered email security, stopping threats with speed, ease and accuracy.

[Learn moreproducts](#)

- ■ Threat Intelligence

See threats coming from miles away

[Learn moreproducts](#)

- ■ Identity Security

End-to-end identity security from identity posture management to detection and response

[Learn moreproducts](#)

- ■ AI at Trend

Discover AI solutions designed to protect your enterprise, support compliance, and enable responsible innovation

[Learn more](#)

- ▪ Proactive AI Security

Strengthen your defenses with the industry's first proactive cybersecurity AI - no blind spots, no surprises

[Proactive AI Security](#)
- ▪ Trend Cybertron

The industry's first proactive cybersecurity AI

[Trend Cybertron](#)
- ▪ Trend Companion

Harness unparalleled breadth and depth of data, high-quality analysis, curation, and labeling to reveal meaningful, actionable insights

[Learn more](#)
- ▪ Security for AI Stacks

Secure your AI journey and eliminate vulnerabilities before attacks happen – so you can innovate with confidence

[Learn more](#)
- ▪ AI Ecosystem

Shaping the future of cybersecurity through AI innovation, regulatory leadership, and trusted standards

[Learn more](#)
- ▪ AI Factory

Accelerate enterprise AI deployment with security, compliance, and trust

[Learn more](#)
- ▪ Digital Twin

High-fidelity digital twins enable predictive planning, strategic investments, and resilience optimization

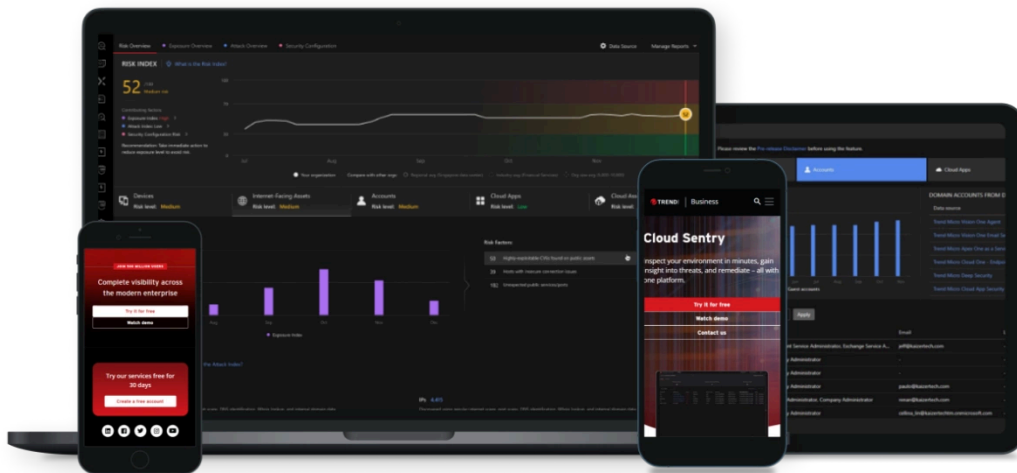

[Learn more](#)
- ▪ On-Premises Data Sovereignty

Prevent, detect, respond and protect without compromising data sovereignty

[Learn more products](#)

- ■ All Products, Services, and Trials

[Learn more products](#)

• Solutions

- ■ ■
■ ■ Healthcare

Protect patient data, devices, and networks while meeting regulations

[Learn more](#)

- ■
■ ■
■ ■

- ■ Small & Mid-sized Business Security

Stop threats with easy-to-use solutions designed for your growing business

[Learn more](#)

[Learn more](#)

- Services

- ■ ■ Our Services

Extend your team with trusted 24/7 cybersecurity experts to predict, prevent, and manage breaches.

[Learn moreservices](#)

- ■ Service Packages

Augment security teams with 24/7/365 managed detection, response, and support

[Learn moreservices](#)

- ■ Cyber Risk Advisory

Assess, understand, and mitigate cyber risk with strategic guidance

[Learn moreservices](#)

- ■ Managed Detection and Response (MDR)

Augment threat detection with expertly managed detection and response (MDR) for email, endpoints, servers, cloud workloads, and networks

[Learn moreservices](#)

- ■ ■ Incident Response

Our trusted experts are on call whether you're experiencing a breach or looking to proactively improve your IR plans

[Learn moreservices](#)

- ■ ■ Insurance Carriers and Law Firms

Stop breaches with the best response and detection technology on the market and reduce clients' downtime and claim costs

[Learn moreservices](#)

- ■ Red and Purple Teaming

Run real-world attack scenarios to build readiness and fortify your defenses

[Learn more services](#)

- ▪
- Partners
 - ▪ ▪ Partner Program Overview

Grow your business and protect your customers with the best-in-class complete, multilayered security

[Learn more](#)
 - ▪ Partner Competencies

Stand out to customers with competency endorsements that showcase your expertise

[Learn more](#)
 - ▪ Partner Successes

[Learn more](#)
 - ▪ Service Providers (xSP)

Deliver proactive security services from a single, partner-centric security platform built for MSPs, MSSPs, and DFIR teams

[Learn more](#)
 - ▪ ▪ Alliance Partners

We work with the best to help you optimize performance and value

[Learn more](#)
 - ▪ Technology Alliance Partners

[Learn more](#)
 - ▪ Find Alliance Partners

[Learn more](#)
 - ▪ ▪ Partner Resources

Discover resources designed to accelerate your business's growth and enhance your capabilities as a Trend Micro partner

[Learn more](#)

- ▪
- ▪ Trend Campus

Accelerate your learning with Trend Campus, an easy-to-use education platform that offers personalized technical guidance

[Learn more](#)

- ▪ Co-Selling

Access collaborative services designed to help you showcase the value of Trend Vision One™ and grow your business

[Learn more](#)

- ▪
- ▪

- ▪ Find Partners

Locate a partner from whom you can purchase Trend Micro solutions

- ■ The Human Connection

Meet the people behind the protection – our team, customers, and improved digital well-being.

[Learn more](#)

- ■ Voice of the Customer

Hear directly from our users. Their insights shape our solutions and drive continuous improvement.

[Learn more](#)

- ■ ■ Compare Trend Micro

See how Trend outperforms the competition

[Let's go](#)

- ■ Trend Micro vs. CrowdStrike

CrowdStrike provides effective cybersecurity through its cloud-native platform, but its pricing may stretch budgets, especially for organizations seeking cost-effective scalability through a true single platform

[Let's go](#)

- ■ Trend Micro vs. Microsoft

Microsoft offers a foundational layer of protection, yet it often requires supplemental solutions to fully address customers' security problems

[Let's go](#)

- ■ Trend Micro vs. Palo Alto Networks

Palo Alto Networks delivers advanced cybersecurity solutions, but navigating its comprehensive suite can be complex and unlocking all capabilities requires significant investment

[Let's go](#)
