### Acknowledgements:

- Casey Smith ([@subTee](#))

### Detections:

- Sigma: [proc\\_creation\\_win\\_lolbin\\_tracker.yml](#)

## Execute

1. Use tracker.exe to proxy execution of an arbitrary DLL into another process. Since tracker.exe is also signed it can be used to bypass application whitelisting solutions.

```
Tracker.exe /d file.dll /c C:\Windows\write.exe
```

## AWL bypass

1. Use tracker.exe to proxy execution of an arbitrary DLL into another process. Since tracker.exe is also signed it can be used to bypass application whitelisting solutions.

```
Tracker.exe /d file.dll /c C:\Windows\write.exe
```
