## Tool: Terracotta VPN

Names	Terracotta VPN
Category	<a href="#">Malware</a>
Type	<a href="#">Tunneling</a>
Description	<a href="#">(RSA)</a> Terracotta VPN is the name used by RSA Research to describe the dynamically-maintained conglomerate of multiple VPN “brand” names marketed on Chinese-language websites. The websites are principally linked by common domain name registrant email addresses and are often hosted on the same infrastructure with the same basic web content.
