Tool: Swor

Names	Swor
Category	Tools
Type	Vulnerability scanner
Description	(Kaspersky) A simple penetration testing tool whose author tried to make it immune to removal by security solutions. Based on its documentation, it can deploy Mimikatz , FRP and ElevationStation. The tool is open-source and maintained by Chinese-speaking developers. This tool was previously sighted being leveraged in attacks on government entities in Malaysia, which is a similar industry vertical to the Middle East intrusion victimology.
