APT group: The White Company

Names	The White Company (<i>Cylance</i>) G0089 (<i>MITRE</i>)	
Country	[Unknown]	
Sponsor	State-sponsored	
Motivation	Information theft and espionage	
First seen	2017	
Description	<p>(Cylance) Cylance has determined that Operation Shaheen was an espionage campaign executed over the course of the last year. It was a targeted campaign which appeared to focus on individuals and organizations in Pakistan, specifically the government and the military. Cylance’s window into this campaign, though significant, is not all-encompassing. Indeed, our research revealed evidence that The White Company conducted extensive prior reconnaissance of its targets, and continues to operate largely unnoticed by the security community.</p>	
Observed	Sectors: Defense , Government . Countries: Pakistan .	
Tools used		
Operations performed	Nov 2017	Operation “Shaheen” We have dubbed the first campaign Operation Shaheen. It examines a complex espionage effort directed at the Pakistani military.
