**See the risks, stop the threats.**

Quickly connect the dots with industry-leading platform capabilities to identify and neutralize critical threats before they happen.

**Precision Intelligence**

Access customized, prioritized intelligence for the risks that matter most to you.

## **Intelligence DNA**

Guided by a protect-and-serve ethos, with deep roots in military and intelligence.

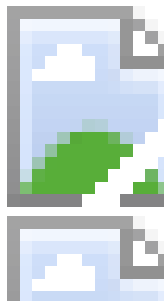

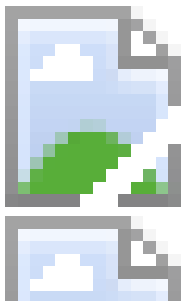

## **Sophisticated pattern-matching algorithms**

Track global threats with unmatched accuracy.

## **Unbiased intel sourcing and analysis**

See the complete picture with intelligence from 1M+ sources and expert insights powered by Insikt Group®.

See what our customers are saying.

- **Ultimately, our goal is to contribute to solving structural challenges faced by society as a whole, such as the shortage of security personnel and insufficient**

**budgets. We expect Recorded Future to be an important partner that will support our transformation and accompany us on this journey.**

Masato Kagotani

Security Operations Division General Manager/xSIRT Leader

- **We consolidated a few of our vendors into Recorded Future and didn't lose out on anything. If anything, we have a more seamless panel and get all our alerts on one platform.**

Nathalie Salisbury

Strategic Threat Intelligence Analyst

- **With Recorded Future, we are able to specify exactly what we are searching for and exclude information that isn't relevant, saving us at least 10 hours per week... Recorded Future is doing the work for us so we can just focus on taking action.**

Lea Cure, Threat Intelligence Team Manager

Citizens Financial Group
